Quân Nguyễn

Section Manager at Sony Electronics Vietnam
District 8, Ho Chi Minh City, Vietnam

Summary

Hello and welcome to my profile! I am a passionate professional who enjoys leveraging technology and data to help organizations achieve their goals. I graduated from the University of Economics Ho Chi Minh City in 2015 and began my career in advisory services at BDO and EY. In these roles, I discovered my talent for creating innovative tools that streamlined manual processes and improved overall efficiency.

During my time at Sony and Lazada, I had the opportunity to deepen my skills in data visualization and analytics. I realized the power of data to unlock insights and drive better decision-making. By leveraging my expertise in programming and dashboard building, I was able to provide meaningful insights into business performance and identify areas for optimization.

I am dedicated to delivering high-quality results and helping organizations succeed. If you are looking for a person who is passionate about technology and data-driven solutions, please don't hesitate to reach out. I am always looking for new challenges and opportunities to learn and grow

Experience
